SHAIK KAREEM BASHA

Mobile: 9381582968 || Mail. Kareembasha473@gmail.com || linkedin: linkedin.com/in/kareembashaanalyst/

TECHNICAL SKILLS:

Languages and Data Bases: Python, Pandas, Numpy, SQL, MySQL,
Visualization Tools: Tableau, Power BI
Other Skills: Advanced Excel, Business Analysis, Data Analysis, Customer Acquisition

Experience:

Carelon Global Solutions
Associate claims analyst   DEC 2022   TO   FEB 2024

• Analyzed and processed CMS 1500 claims for inpatient and outpatient services, ensuring accurate coding and compliance with healthcare standards.
• Collaborated with cross-functional teams to resolve coding discrepancies and improve claims processing efficiency.
• Reviewed and validated claims data, identifying process improvements to enhance workflows and client satisfaction.

INTERNSHIPS:

Accenture Virtual Internship:
- ❖ Led data preprocessing and applied statistical modeling, improving forecasting accuracy and decision-making.
- ❖ Developed Power BI and Excel dashboards, providing real-time market insights and enhancing stakeholder engagement.
- ❖ Collaborated cross-functionally to optimize operations, resulting in increased efficiency and resource allocation.

Tata Virtual Internship:
- ❖ ***Conducted market analysis and financial modeling, driving data-driven strategies and improving decision-making.
- ❖ *Automated reporting with SQL and Excel, saving 15+ hours/week and streamlining data aggregation processes.

PROJECT:

Internship in Career Aspirations Research of Gen Z | Descriptive & Prescriptive Analytics | Project Management & Problem-Solving

- ❖ Executed an independent end-to-end project on understanding the career aspirations of Gen Z, applying both descriptive and prescriptive analytics techniques to derive actionable insights.
- ❖ Delivered high-quality project results by effectively applying theoretical knowledge to real-world scenarios, meeting industry standards and expectations.
- ❖ Demonstrated significant professional growth through mentorship from industry experts, enhancing analytical skills and gaining valuable industry-specific knowledge
- ❖ Exhibited strong problem-solving abilities by proactively identifying and addressing challenges throughout the project, ensuring successful project completion.

CERTIFICATIONS:

- ❖ **Python for Data Analysis from Free Code Camp**
- ❖ **Data Analyst Essentials from Cisco**
- ❖ **Python Certification from GUVI**
- ❖ **Prompt Engineering certification from IBM**

EDUCATION:

RAYALASEEMA UNIVERSITY   **2018 TO 2022**
Bachelor of Science in Computer Applications.
